

## NOTIFICATION OF COMPLIANCE WITH AHERA REGULATIONS

In compliance with the Asbestos Hazard Emergency Response Act of 1986 (AHERA), all schools in the school district are required to inspect their buildings for asbestos-containing materials and to develop a Management Plan. All of the schools in the North Middlesex Regional School District have completed this Inspection/Management Plan and submitted copies to the Office of Public Health. A copy of the inspection/management plan is available and accessible in each school office for public review during regular office hours.
